¹ Census data collected was the ethnic or cultural origins of a person's ancestors. An ancestor is defined as usually more distant than a grandparent.

² The sum of the ethnic groups in this table is greater than the total population count because a person may report more than one ethnic or cultural origin in the census.

³ The abbreviation n.i.e. means 'not included elsewhere'.

⁴ The abbreviation n.o.s. means 'not otherwise specified'.

Blank or corrupted		61	10.0%	

¹ The sum of the racial backgrounds in this table is greater than the total population count because a person may report more than one racial background in the census.

² Canada Census category is 'Not a Visible Minority' and includes respondents who reported "yes" to the Aboriginal identity question, as well as respondents who are not considered to be members of a visible minority group.

³ The WPS census includes this as a standalone category. Respondents are included in this category only if they check this mark-in circle.

⁴ Canada census category is 'Multiple Visible Minority' and includes respondents who reported more than one visible minority group by checking two or more mark-in circles, e.g., 'Black' and 'South Asian.'

⁵ Canada Census category is Black.

⁶ Canada Census category is Latin American.

⁷ Canada Census does not include this category.

⁸ The Employment Equity Act defines members of visible minorities as 'persons, other than Aboriginal peoples, who are non-Caucasian in race or non-white in colour'.
